CLEARVIEW CLIMATIC DATA INFORMATION

2012 ONTARIO BUILDING CODE

Supplementary Standard SB-1 of the 2024 Ontario Building Code establishes Climatic and Seismic Data for areas throughout Ontario.

Clearview utilizes the climatic and seismic data and design parameters as listed in the row “**Collingwood**” of Table 2, MMAH

The **Ground Snow Loads (S_s)** within the geographical area of Clearview is based on the climatic data for Collingwood as described in the Supplementary Standard SB-1 of the 2024 Ontario Building Code resulting in design values for a 50-year return period (Q50) is **2.7 KPa**.
